One must have a mind of winter
To regard the frost and the boughs
Of the pine-trees crusted with snow;

And have been cold a long time
To behold the junipers shagged with ice,
The spruces rough in the distant glitter

Of the January sun; and not to think
Of any misery in the sound of the wind,
In the sound of a few leaves,

Which is the sound of the land
Full of the same wind
That is blowing in the same bare place

For the listener, who listens in the snow,
And, nothing himself, beholds
Nothing that is not there and the nothing that is.

Wallace Stevens

OTHER CALENDAR NEWS....

BURNING OF THE GREENS: A Prayer Service Heraldng the Epiphany of God

March 20th – **Spring Equinox** – St. John's parking lot

The "Burning of the Greens" is a Twelfth Night of Christmas tradition that reaches back into the Middle Ages in the Britannic world, and extends back to the Roman festival of Saturnalia. It was the traditional day of taking down Christmas decorations, and thus the tradition arose of the "burning of the greens", with people contributing their wreaths, Christmas trees and garlands to the bonfire. The evergreens were recognized as the promise of renewed fertility and life. The fire symbolized the coming of the Light of the World in the midst of the world's darkness. By burning the greens, the life and gift of the trees and wreaths were honored.

Please bring any greens from your home you would like to add to the fire and join for the season's final singing of Christmas Carols, give thanks for all that has been and release into the fire all that we no longer wish to carry in to the new year.

Madeline Island Racial Justice Study Group meets at 7pm on the first Wednesday of each month (via Zoom). All are invited!

Zoom meeting number is 867 4134 0213
